

CSQ Lean Certification Training Program

The Canadian Society for Quality (CSQ) is now offering a Lean certification Training Program in partnership and alliance with AME, Shingo Institute and SME.

LEAN[™] certification

AME • SHINGO INSTITUTE • SME

Lean Certification is an evolutionary journey where your knowledge and experience work together to create a depth of expertise upon which you can keep building. It weaves innovative ways of thinking and doing business with real-world applications and results.

**Lean Certification not only helps you attain the knowledge, it validates it.
Learn more about Lean, and how Lean Certification can help individuals and organizations gain a competitive advantage.
The Standard in Operational Excellence**

The industry-leading Lean Certification program is the result of a partnership among three leading non-profit organizations that collectively set the standard for operational excellence and an improved workforce. The Lean Certification Alliance, Association for Manufacturing Excellence (AME), Shingo Institute, and SME, draws on their collective experience and the proven practices of thousands of individuals to provide continuous improvement practitioners in-depth access to the latest lean and continuous improvement thinking and best practices. The Alliance created and maintains the Lean Certification Program and offers high-quality training, education and other relevant resources to facilitate the continuous improvement journey.
